

Tuesday 6th March, 2018.

Dear Parents/Carers,

As you know the use of technologies is becoming more widespread in all areas of society and our aim is to equip you and your children with the skills to make the most of these opportunities whilst keeping safe. We will be holding a **Computing Workshop at 2.30pm on Wednesday 14th March, 2018.**

We will be presenting to you the websites and apps which are used within school and showing you what can be accessed at home. We will also be giving advice on how to keep your children safe when using technology at home. Furthermore we will be giving you information as to how you can download Microsoft Office to your devices at home free of charge.

We look forward to seeing you at the workshop.

Kind Regards

F Sinfield & J Shaw

Mrs F Sinfield and Miss J Shaw
