

We place great importance on enrichment at Kentmere.

Soaring to success

Forest Schools Enrichment

At Kentmere we are very lucky to have a spacious outdoor environment with plenty of grounds to explore, with a newly developed Forest School area with trees, seasonal plants, a fire circle, bug hotel and much more. The opportunities we provide give our children awe and wonder of the great outdoors fostering children's interest in the natural world around them. Forest school allows children to develop many skills that will be useful for them throughout their lives. Children not only learn about the natural world but how to care for it too.

Not only do we provide weekly sessions during the school day we also provide a weekly Forest school after school club too.
