

We place great importance on enrichment at Kentmere.

Enrichment

At Kentmere Academy we have at least one educational trip, visitors or 'celebration' day for every half term. These are often linked to RE, for example: in the Autumn term Reverend Anne from St Andrew's Church delivered a Harvest Assembly, where food was collected by the children and delivered to the local food bank; the children were also invited to contribute Poppy Themed artwork towards Rochdale Town Centre's Cenotaph display; Reverend Margaret from Rochdale Town Centre & Armed Forces attended school and delivered a whole school remembrance service: iSing Pop completed an exciting recording project where children were encouraged to appreciate their own worth and that of others; during Spring term the children visited St Andrews Church in Littleborough for an Easter experience and we have held celebration days for special occasions such as Chinese New Year and Diwali. We strive to provide quality first teaching for the children with as many real-life opportunities, to bring learning to life and provide a more enticing, engaging and enriching experience.
