## PSHE Early Years

In the Early Years Foundation Stage, PSHE is referred to as personal, social and emotional development. This area of your child's learning is concerned with wellbeing – knowing who you are, where you fit in and feeling good about yourself. It is also about developing respect for others, social skills and a positive attitude to learning.

### Children are taught to:

- Work and play cooperatively and take turns with others.
- Form positive attachments and friendships.
- Show sensitivities to others' needs.
- Show an understanding of their own feelings and those of others, and regulate their behaviour accordingly.
- Have a positive sense of self and show resilience and perseverance in the face of challenge.
- Pay attention to their teacher and follow multi-step instructions.
