

Understanding the World

In Science the children will be looking at and comparing weather around the world.

In History we will be discussing the traditions of Chinese New Year.

In R.E. we will be comparing the religion of Christians and Muslims and learning about their places of worship.

In Geography the children will learn to compare differences and similarities in different localities.

Communication & Language

We will be listening to stories and answering questions about them. We will be asking the children to infer about stories, (talk about what they can't see and what they think) and make predictions based on what has been read so far. In our vocabulary sessions, we will be focusing on dressing for seasons and the different food groups.

Personal, Social & Emotional Development

We will be learning about different emotions and how to manage them. We will look at how we can express our feelings and consider the feelings of others.

Maths

The children will be consolidating their knowledge of numbers up to 10 including the concept of more and less than. We will also begin to look at addition within 10.
