

KENTMERE ACADEMY AND NURSERY

YEAR 3 / 4 OPTIONAL HOMEWORK MENU – Summer Term 1 2018

Art

Look at the work of the artist Cezanne and his representations of fruit. Try to create a fruit picture in the same style.

Maths

Who spends the longest in the bathroom in your house? Make some observations and record your findings in a graph or chart.

Science

Can fizzy drinks clean a grubby coin? Drop dirty copper coins into a range of fizzy drinks and leave them overnight, which brand has the most powerful cleaning properties?

Music

Make up a song about different parts of your body.

Homework Menu Summer Term 1 - 2018

Design Technology

Find out which foods are good for the digestive system. Design and make a colon-cleansing meal.

English

Think of a food that children don't like to eat. Write a persuasive argument to convince a child to try it. What are the benefits of eating the food? What is good about it? Texture? Colour? Meals you can make with it?

History

Research how dentists and dental treatments have changed and improved over time.

Computing

Use recording technology to make an advert that could go on TV that gives top tips on how to be healthy.

Physical Education

Devise an exercise / dance routine to help keep children fit.

Celebration Date:
Visit from a dentist!

PSHCE

Do you have any bad habits? Write about the habits you would like to change and why?
