

**We place great
importance on
enrichment at
Kentmere.**

English Enrichment

The children at Kentmere Academy are exposed to a wealth of quality texts through the texts within their own classroom, the school library and visits to the local library. Regular 'book drops' to classes, author days and other opportunities, such as World Book Day and storytelling weeks, help the children to develop a love and excitement for reading, which in turn influences their writing. Staff aim to enthuse children through their own love of reading, by sharing daily stories and promoting natural 'chat' about texts they are currently enjoying outside of lessons.
